PUBLIC SERVICE COMMISSION (INDIA).

NOTICE.

A competitive examination for admission to the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department will be held in Delhi beginning on the 26th January 1931. Candidates accepted for admission to the examination will be informed at what place in Delhi and at what hour they should present themselves.

The examination will be a combined examination for the purpose of filling vacancies in the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department. A candidate may apply to be admitted as a candidate for all or any of these services. If he wishes to be admitted as a candidate for more than one service he should state this on his application form. In that case he need send in only one application form and undergo one examination by a Medical Board. He will be required to pay the fees mentioned in the Regulations once only and will not be required to pay separate fees for each service for which he applies. If he proves successful as a candidate for more than one service he will ordinarily be assigned to that service for which he expressed a preference at the time of his application provided that the vacancies have not already been filled, but the Government of India reserve power to assign him to any service for which he is a candidate if in their opinion the exigencies of the public service render this desirable.

The number of candidates to be selected at this examination for each of the three services will be announced hereafter.

The application must be made through the Collector or Deputy Commissioner* to the proper authority of the area in which the candidate's parents reside at the time of the application, or of an area in which they have previously resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student at a college or University only, for a like period.

The proper authority is, for a Governor's Province, the Chief Secretary†, for Coorg, the North West Frontier Province, Delhi, Ajmer-Merwara, Baluchistan or Andamans and Nicobar Islands the Chief Commissioner; and for a State in India the Political Officer or Agent, who should be addressed through the Durbar.

No candidate will be admitted to the examination from whom the Collector or Deputy Commissioner* or the Political Officer or Agent has not received on or before the 15th October 1930, an application on the prescribed form accompanied by the necessary documents. Copies of the application form and of the Rules and Regulations may be obtained from the local Government and Political Officers or Agents.

No allegation that an application form or letter respecting such form has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office certificate of posting. Candidates who delay their application until a late date will do so at their own risk. A candidate for whom a declaration under section 96-A. of the Government of India Act is necessary should take *immediate* steps to obtain the same.

Note 1.—Candidates must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August 1930.

The question of reducing the minimum age limit to 20 years is under consideration, and, in case it is decided to reduce the age limit to that extent candidates whose age was less than 21 but not less than 20 on the 1st August 1930 will also be eligible to appear at the examination. Any decision arrived at in the matter will be duly announced.

Note 2.—The examination will be held concurrently with the examination for the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of the State Railways, and the same papers will be set in the subjects common to both the examinations. Candidates accepted for admission to the examination for the Indian Service of Engineers and the Indian Railway Service of Engineers may be accepted as candidates for the other examination if they are eligible under the regulations and if they pay the fees prescribed for both examinations.

The following intimation is made for the guidance of the Medical Examiner :—

No person will be deemed qualified for admission to the public service who shall not satisfy the Public Service Commission that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for such service.

The Commission desire that it should be understood that the question of fitness involves the future as well as the present, and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the *likelihood* of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

Regulations for the medical examination of candidates.

(These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, on the report of the Medical Board, to be physically disqualified; and that their discretion is in no respect limited by these regulations.)

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. In the matter of the correlation of age, height and chest-girth of candidates of Indian (including Anglo-Indian) race, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.

Note.—The following table of correlation of age, height and chest-girth is to be used as a guide in the examination of candidates of European race.

3. The candidate's height will be measured as follows :—

He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. No fixed limit of height is enforced.

4. The candidate's chest will be measured as follows :—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded in inches, 33-35, 34-36½, etc. In recording the measurements, fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The candidate's eyesight will be tested in accordance with the following rules. The results of each test will be recorded :—

(*i*) *General.*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any morbid conditions of the eyes, eyelids or contiguous structures, of such a sort as to render, or to be likely at a future date to render, him unfit for service.

(*ii*) *Visual Acuity.*—The candidate will be examined, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to determine his acuity of vision, and the examination will include two tests, one for distant and the other for near vision. Each eye will be examined separately. No candidate will be accepted whose visual acuity falls below the following standards :—

A.—Indian Railway Service of Engineers.

	The one eye.	The other eye.
Distant vision—		
without glasses	6/12	6/18
corrected with glasses	6/6	6/9
Manifest Hypermetropia	1·5	1·5
Near vision—		
with or without glasses	0·6	0·6

B.—Indian Service of Engineers and the Superior Telegraphand Wireless Engineering Branches of the Posts and Telegraphs Department.

	The one eye.	The other eye.
Distant vision—		
without glasses	6/24	6/24
corrected with glasses	6/6	6/12
Near vision—		
with or without glasses	0·8	1

(*iii*) *Colour Perception.—A.—Indian Railway Service of Engineers.*—The candidate will be examined for colour knowledge with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect of colour perception will be a cause for rejection of the candidate.

B. Indian Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department.—Inability to distinguish the principal colours will be regarded as a cause for rejection.

(*iv*) *Night Blindness.*—(*Indian Railway Service of Engineers only*).—The candidate's Night Vision will be tested, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to ascertain whether or not he suffers from night blindness. The candidate who under the conditions of the ordinary Test for Visual Acuity has 6/6 Vision with both eyes open, with or without glasses, will be rejected if, under the conditions of the Night Blindness Test, his vision with both eyes open, with or without glasses, falls below 6/24.

(*v*) *Field of Vision.—A.—Indian Railway Service of Engineers.*—The fields of vision of the candidate's eyes will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect will be a cause for rejection of the candidate.

B.—Indian Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department.—Each eye must have a full field of vision as tested by hand movements.

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. The following additional points should be observed :—

(*a*) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear ;

(*b*) that his speech is without impediment ;

(*c*) that his teeth are in good order, and that he is provided with dentures where necessary for effective masticulation (well filled teeth will be considered sound) ;

(*d*) that his chest is well formed, and his chest expansion sufficient ; and that his heart and lungs are sound ; and that his blood pressure is within normal limits ;

(*j*) that there is no congenital malformation or defect ;

(*k*) that he does not bear traces of acute or chronic disease pointing to an impaired constitution ; and

(*l*) that he bears marks of efficient vaccination.

When any defect is found it must be noted and the medical examiners should state their opinion as to whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

RULES FOR THE RECRUITMENT IN INDIA BY EXAMINATION FOR THE SUPERIOR TELEGRAPH ENGINEERING AND WIRELESS BRANCHES OF THE INDIAN POSTS AND TELEGRAPHS DEPARTMENT.

(Reprinted as amended up to August 1930.)

1. A competitive examination for admission to the permanent establishment of the Superior Telegraph Engineering and Wireless Branches of the Indian Posts and Telegraphs Department, shall be held in India at such time and place as the Governor General in Council may direct.

2. Of the total number of vacancies in a year to be filled in India by examination under rule 1, two-thirds will be filled on the results of the competitive examination in the direct order of merit, provided the number of candidates is declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission by direct nomination from among candidates who have attained the qualifying standard at the examination and have satisfied the Public Service Commission that they are in all respects suitable for employment in the Superior Telegraph Engineering and Wireless Branches of the Indian Posts and Telegraphs Department. Such vacancies, among the one-third reserved, as may not be required for the redress of communal inequalities or for which duly qualified candidates for direct nomination may not be forthcoming may be filled in the direct order of merit in which the candidates passed the examination.

3. From the list, prepared by the Public Service Commission, of competitors, who have in the opinion of the Commission attained the qualifying standard, candidates to the number of vacancies to be filled will be selected for appointment in the manner laid down in Rule 2 provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not ; in the former case where the vacancy occurs on account of the disqualification of a candidate selected for appointment in order of merit the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be the selected candidate.

NOTE.—The examination will be a combined examination for the purpose of filling vacancies in the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph Engineering and Wireless Branches of the Indian Posts and Telegraphs Department. A candidate may apply to be admitted as a candidate for all or any of these posts. If he wishes to be admitted as a candidate for more than one service or branch he should state this on his application form. In that case he need send in only one application form and undergo one examination by a Medical Board. He will be required to pay the fees mentioned in Rule 12 once only and will not be required to pay a separate fee for each service or branch for which he applies. If he proves successful as a candidate for more than one service or branch he will ordinarily be assigned to that service or branch for which he expressed a preference at the time of his application, provided that the vacancies have not already been filled, but the Government of India reserve power to assign him to any service or branch for which he is a candidate if in their opinion the exigencies of the public service render this desirable. Candidates who are also candidates for a service or branch not included in these regulations should refer to the regulations specially applicable to that service or branch.

The maximum number of candidates to be admitted to the combined examination may in the discretion of the Governor General in Council be limited to such number not being less than 200 as the Governor General in Council may decide. If a limit is imposed the Public Service Commission shall select from among the applicants those who shall be admitted to the examination.

4. (1) A candidate shall apply to be admitted to the examination before such date and in such form as the Governor General in Council may direct. 6. A candidate must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August* next preceding the date of the examination.

7. To

The Chief Secretary to the Government of His Highness

CHIEF SECRETARY,
22 OCT. 1930

Sir,

In returning herewith the enclosures received with your letter No. 1486 P.P.48-30-18 dated 8th October, I write to say that questions 1, 3 to 14, 18 and 22 in the application form have been correctly answered by Mr. P.V. Krishnamurthy.

Mr. Krishnamurthy's character is entirely satisfactory

I am satisfied that he is suitable for appointment to the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

There are no other circumstances to which, I think attention should be drawn except that, in my opinion, the second-class received by him in the M.Sc. Degree examination of the Calcutta University does not correctly represent his academic status and ability. He is a very intelligent and capable youngman, much superior in ability to the type of students who usually obtain a second-class in the examination.

I have the honour to be,

Sir,

Your most obedient servant,

C V Raman
